

Lesson 6 Extra Practice**Select an Appropriate Display**

1. Which display makes it easier to determine the range of bowling shoe sizes used? Justify your reasoning.

Bowling Shoe Sizes		
Sizes	Tally	Frequency
6-7	III	3
8-9	IIII	5
10-11	IIII III	8
12-13	II	2

Select an appropriate type of display for data gathered about each situation. Justify your reasoning.

- gas mileage of different types of vehicles
- the number of days of winter with one or more inches of snow
- the weight of a baby from birth to 18 months of age
- exact test scores of all students in a science class
